Address of Applicant :Assistant Professor, Brainware University, 398, Ramkrishnapur Road, Barasat, Kolkata, 700125, W.B. -----

(57) Abstract :

[023] The Novelty that the object is crafted from materials that are typically thrown away gives it an air of originality, which is a draw for consumers. After the contents of a bottle of fruit juice or a comparable beverage have been consumed, we customarily throw away the accompanying pet bottle. We have made an illuminating showpiece out of the bottle by turning it into a piece of decoration that we have created using the bottle.
